ICT Laboratory Rules & Safety Chart

1. Enter the computer laboratory only when permitted by the teacher.
2. Keep food and drinks away from computers and electrical equipment.
3. Handle keyboards, mice, cables and other devices gently.
4. Keep hands clean and dry before using the equipment.
5. Do not plug in, unplug or repair equipment without permission.
6. Sit properly and keep a safe distance from the screen.
7. Keep bags and obstacles away from walkways and exits.
8. Use the internet and computers for approved learning activities.
9. Report damaged equipment, unusual smells or electrical faults immediately.
10. Shut down the computer correctly and leave the workstation tidy.

REMEMBER: Protect the equipment. Protect yourself. Respect other users.
